

1.

Comparative Shopping

When shopping for coverage, consider the extra cost of insuring higher risk vehicles categorized as high performance and/or high theft rates.

See <http://www.nicb.org> for information on theft history.

2.

Consolidated Coverage

Consider available discounts for insuring two or more vehicles and combining Homeowners Insurance through a single insurance company.

3.

Other Cost Savings

Maintain a good credit rating.

See <http://www.freecreditreport.com> for your free annual credit report from all three credit reporting agencies, take advantage of discounts for low annual mileage drivers, and reduce or eliminate collision coverage on older vehicles when 10x annual premium exceeds the cost of replacing the vehicle.
